Trust to Nature.

A great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have ill-treated their stomachs by hasty eating or too much eating, by consuming alcoholic beverages, or by too close confinement to home, office or factory, and in consequence the stomach must be treated in a natural way before they can rectify their earlier mistakes. The muscles in many such people, in fact in every weary, thin and thin-blooded person, do their work with great difficulty. As a result fatigue comes early, is extreme and lasts long. The demand for nutritive aid is ahead of the supply. To insure perfect health every tissue, bone, nerve and muscle should take from the blood certain materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. We must go to Nature for the remedy. There were certain roots known to the Indians of this country before the advent of the whites which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and yet certain in their cleansing and invigorating effect upon the stomach, liver and blood. These are: Golden Seal root, Queen's root, Stone root, Bloodroot, Mandrake root. Then there is Black Cherry bark. The medicinal principles residing in these native roots when extracted with glycerine as a solvent make the most reliable and efficient stomach tonic and liver invigorator, when combined in just the right proportions, as in Dr. Pierce's Golden Medical Discovery. Where there is bankrupt vitality—such as nervous exhaustion, bad nutrition—and thin blood, the body acquires vigor and the nerves, blood and all the tissues feel the favorable effect of this sovereign remedy.

Although some physicians have been aware of the high medicinal value of the above mentioned plants, yet few have used pure glycerine as a solvent and usually the doctors' prescriptions called for the ingredients in varying amounts, *with alcohol.*

The "Golden Medical Discovery" is a scientific preparation compounded of the glyceric extracts of the above mentioned vegetable ingredients and contains no alcohol or harmful habit-forming drugs.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, grease like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means also use internally, Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc. surely call for Dr. Shoop's Restorative.

For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

Dr. Shoop's Catarrh Cure

Serious Conditions in China.

A letter received in London from China says: "It looks as though the government was doing everything to alienate the young men educated abroad, and thus to play right into the hands of the revolutionists. The floods in Hunan, Kiangsi and Kiangsu last summer and the resulting famine have greatly strengthened the revolutionary party. Many men have been driven into brigandage. In Kiangsi the revolutionary bands received so many recruits that they were able to inaugurate the rebellion some weeks ago. It is reported suppressed by the authorities, but the real situation is unknown. Large quantities of arms and ammunition were smuggled into the country from Japan, and the rebels have been operating in a mountainous region where it is easy to elude pursuit and just as easy to cut off small bands of troops. Many of the imperial soldiers are said to be surrendering without much resistance, and thus turning over their arms to the rebels. It is said in Peking that 70 per cent, or more of the troops in the Yangtse region are disaffected. Discouraging facts have come to light in connection with the northern army, which was supposed to be thoroughly loyal. Now, that Yuan no longer commands, there is want of promptness in paying the men's wages and corresponding discontent. There is another feature of the present revolutionary movement that distinguishes it from other rebellious conspiracies in the past, and that is the high character of many of those engaged in it."

The Alaska Packers Association, who can the Argo Red Salmon, has the largest fleet in number of any shipping firm sailing under the American flag. It owns 55 steamers and 15 sailing vessels and charters many more. This is why Argo can be sold at 15 cents per can.

Cardinal Gibbons on Church and State.

Cardinal Gibbons, replying to a statement by Paul Sabatier, in which M. Sabatier speaks of the cardinal as being "so proud of the separation between church and state in America" and recommends him to read the papal bulletins, "which absolutely condemned it," gave out the following interview in New Orleans yesterday:

"In arguing for separation of church and state, I do not presume to speak for other countries or for other conditions. I speak only for my own country and its conditions, although I may venture the opinion that, whatever the opinion of the French episcopate may be with regard to separation of church and state, it would be better for that country if they could enjoy the real separation of church and state as it is in this country. I am, therefore, unalterably attached to the separation of church and state in this country and have always expressed my belief and satisfaction in it. I so expressed myself in its favor 30 years ago; I did so later on in Rome itself, and I have no hesitation in expressing the same solemn belief today. Indeed, I cannot speak too highly of the present relations between church and state here, where the civil government holds over us the arm of protection, without interfering with our rights of conscience in proclaiming the truths of the gospel."

Cardinal Gibbons is in New Orleans to participate in the bestowing of the pallium upon Archbishop Blenk today.

Million Dollar Gift.

A gift of $1,000,000 for the establishment of a fund for rudimentary schools for southern negroes was announced in Philadelphia last night. The donor is Miss Anna T. Jeanes, a Quakeress, of Philadelphia. Booker T. Washington, of Tuskegee Institute, and Hollis Burke Frissell, president of the Hampton Normal and Industrial Institute, are named as trustees of the fund, but neither of the institutions they represent will share in the gift.

The income of the million dollars is to be used for the sole purpose of assisting in the "southern United States community, country and rural schools for the great class of negroes to whom the small rural and community schools are alone available."

The deed of gift was executed Monday, and in it Washington and Frissell are empowered to appoint a board of trustees in connection with the fund. The Pennsylvania Company for Insurance on Lives and Granting Annuities, of Philadelphia will act as fiscal agent for the trustees.

Miss Jeanes, the donor, is about 80 years of age, and comes from an old and wealthy family that has been prominent for more than a century in the "Society of Friends." She has long been interested in the welfare of the negro, and has been a contributor to institutions for their education.

Woman Attacked by a Lion.

Entering the cage of an enraged lioness at Oxford, Pa., on a bet of $8 yesterday Mme. Lascelles, an animal trainer, was almost torn to pieces, while panic-stricken men and women fought for escape.

With a snarl, the beast sprang upon her, burying its claws in her breast and tearing savagely at her shoulders. The woman snapped her revolver into the animal's eyes and jammed her sharp prod into its throat, driving it off for a moment. An attendant jumped to the door and opened it, but as the injured trainer moved toward it the lioness, with a leap cut her off.

Panic-stricken at the form of the beast before the door, the crowd broke for the exits in wild scramble. The guards rushed in with glowing irons and cowed the beast, while the woman was dragged out. Physicians found that her arms were almost torn from the sockets, her shoulders mangled, and her breast terribly lacerated. It is doubtful whether she will recover.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S Leadbeater & Sons, druggists.

CHERRY COUGH CURE—A safe, pleasant and effectual remedy for Coughs, Colds and affections of the throat and lungs. Contains no morphine or other injurious chemicals. Price, 25c. For sale by E. S. LEADBEATER & SONS.

WEDNESDAY EVENING, APRIL 24, 1907.

PRESIDENT ROOSEVELT is believed by all right-thinking people to have pursued the proper course by taking the bull by the horns in the case of certain threats recently made against him by several labor "leaders" who seem to be aiming to defeat the ends of justice in the matter of Moyer and Haywood, who are awaiting trial under indictment for the murder of Governor Steunenberg, of Idaho. In a letter to Honore Jaxson, chairman of the Cook county (Chicago) Moyer-Haywood conference, in response a letter asking an explanation of the President's denunciation of the accused men as undesirable citizens, Mr. Roosevelt reiterates that these men and Mr. Harriman and all of their kind are undesirable citizens. He makes even stronger than before his denunciation of Moyer, Haywood and Harriman, and accuses the men who have protested against his course in this matter of designing to defeat the ends of justice. This is a concise summary of the case, and the President's answer will be approved by all right-thinking members of the various labor organizations of the country. The apologists for Moyer and Haywood have for some time been rabid in their utterances. They publish a weekly paper which contains principally invectives against such as are not friends of violence, and the periodical has abounded in threats, the writers of the same strangely imagining that all the working men of the United States are animated by the ferocious natures as characterize their fulminations. There is no reason to believe that the various labor unions of the country, the members of which are believers in law and order, will allow bomb-throwers to appeal to their sympathies.

THE statement of earnings of the United States Steel Corporation for the quarter ended on March 31, which will be made public after the meeting of the directors next Tuesday, will bring its total cash surplus to more than $100,000,000. Net earnings, it is estimated, will amount to more than $40,500,000, compared with $36,634,490 in the corresponding quarter last year and $13,445,231 in 1905, leaving a large surplus available for dividends. On March 31 the big steel corporation completed the first six years of its existence. At the time of its organization the prediction was freely made in many quarters that the concern would not last five years, and that the property would revert to the bondholders at the end of that time. Instead of this, however, the corporation has increased in strength, both financially and physically, and has accomplished better results than even expected by its optimistic promoters. Still, with all of this tremendous gain and big dividends, the steel trust will not listen for a moment to a reduction in tariff rates.

THE Winchester papers state that if Winchester is not a healthy place this spring and summer, it will not be the fault of the City Council or the police department. In obedience to an ordinance recently passed, the police officers are now engaged in the task of inspecting sanitary conditions as they exist there, and wherever found to be necessary the residents are required to conform to the law, which says that Winchester shall be kept clean and sanitary. The police officers make these inspections once every two weeks. An officer is assigned to each of the four wards, and the entire city is rigidly inspected. So far the citizens have been co-operating with the officers, who are having a busy time with the work. All the laws necessary to keep Alexandria clean are on the statute books but the average Alexandria policeman seems not to consider that his duties lie in their enforcement.

SOME IMPORTANT New Testament manuscripts of a hitherto unknown version have been discovered near Turfan, in Chinese Turkestan, by Dr. Lecoq, a learned archaeologist, who has been exploring the ruins of ancient cities. The manuscripts, which were found buried in the sand were at first believed to be written in an unknown language, but they were deciphered by Professor Friedrich Muller, the eminent philologist. The manuscripts follow the versions neither of the Catholic nor of the Greek Church, and apparently the copyists had access to a version which is now quite lost.

DR. WILEY, government chemist and pure food expert, declares that during the last few months there has been pure milk served in at least two of the Washington hotels and that it is the first time this has happened in the capital city in the memory of man. This is pretty rough on Washington.

AND NOW there will be more "unwritten law" talk growing out of the Nelson county tragedy.

From Washington.

[Correspondence of the Alexandria Gazette.]
Washington, April 24.

S. B. Hamer, Chief Conductor of the Order of Railway Conductors in West Virginia, and R. H. Graham, attorney for the order, discussed the Moyer-Haywood case with the President today. They called to shake hands with Senator Scott, but as soon as the President learned that they were prominent members of the big labor organization, asked them to step into his private office until he had disposed of a number of social visitors, and then chatted with them for ten minutes. He told them he did not believe in condemning Moyer and Haywood in advance of their trial; neither did he approve of their acquittal before judge and jury had disposed of the case. He demanded that Moyer and Haywood be brought to trial just like any other prisoners charged with grave crime. The President told the labor men about the various laws and bills favorable to their cause that he had supported, and Messrs. Hamer and Graham left the White House expressing their entire approval of the Executive's course.

The President had a talk today with Norman M. Ruick, the United States District Attorney at Boise City, Idaho, who is supposed to have caused the grand jury now in session there to find an indictment against Senator Borah for complicity in alleged land fraud cases. If Mr. Ruick discussed the Borah case with the President, he did not give any hint about it when he left the White House.

The colored M. E. Church conference just before adjourning here after a six day's session, nominated Senator Foraker, of Ohio, as its candidate for President. The conference includes Pennsylvania, Virginia, West Virginia, Maryland, Delaware and North Carolina.

Representative Burton, of Ohio, chief counsel in the Taft presidential campaign, will take the opportunity Friday night in his address before the republican clubs at Trenton, N. J., to boost the Taft boom and to put to rest reports that the President has of late grown luke-warm in his attitude toward the Secretary of War as his successor at the White House. The address will be an encore to the Taft nominating speech delivered by Mr. Burton in Cleveland before his trip to Panama and before Senator Foraker came out as a challenger for presidential honors. The remarks of Mr. Burton will be intended also to offset the avowed support which Senator Dick has given Senator Foraker. The Trenton speech is to be followed by a statement by the Cleveland congressman, covering local ends in Ohio. As official booster for the Taft boom, Burton will insist that Foraker stand pat on his request for a primary and cause Senator Dick, in command of the republican organization in the State, to call a primary for not later than November. Since the return of the Taft party from Panama, it has been decided that Burton will be the chief spokesman for Taft in the Ohio campaign. Taft, himself, will hold aloof from the controversy, in accordance with his view of the dignity which should surround a presidental candidate. Secretary Taft is expected to repudiate the inference given in a statement made public by his brother Chas. P. Taft, to the effect that the secretary would be a candidate for the Senate against Foraker.

Fifteen minutes after he arrived in town today from the west, Speaker Cannon punctured the newspaper yarn from Indianapolis to the effect that he had made a deal to deliver the Illinois delegation in the republican national convention to Fairbanks. "I did not see or hear of the story," said the speaker, "until I arrived here, and I do not suppose that anyone has taken it seriously." He leaves tomorrow for the Jamestown Exposition opening, together with a party of statesmen from Indiana and Illinois.

PRESIDENT ROOSEVELT DEFIANT

In a letter addressed to Honore Jaxon, of Chicago, chairman of the "Cook county Moyer-Haywood conference," made public yesterday, President Roosevelt replied to the criticisms of his recent letter in which he referred to Moyer and Haywood, officials of the Western Federation of Miners, charged with implication in the murder of former Governor Steunenberg, of Idaho, as "undesirable citizens." The President says he regrets any body of men should so far forget their duty to their country as to, by formation of societies and in other ways, endeavor to influence justice and coerce court or jury; that they, not he, are trying to influence justice, and he condemns what he calls their flagrant impropriety in the matter. He says that he indicated no opinion as to their guilt of the Steunenberg murder, but that it was a simple absurdity to suppose that because a man is on trial he is free from criticism as to his manner of life. He said he might as well be accused of trying to influence the suits against Harriman, some of whose friends had also criticised him. He said that Moyer and Haywood stand as representatives of those who habitually appear as guilty of incitement to, or apology for, bloodshed and violence. He added that he was profoundly indifferent to the condemnation of him for his criticisms of the undesirable types of citizens, regardless of the power of either labor or capital. The President further says that no possible outcome of the trial can effect his judgment as to the undesirability of the type of citizenship of those which he mentioned. "Messrs. Moyer, Haywood, and Debs," he says, "stand as representatives of those men who have done as much to discredit the labor movement as the worst speculative financiers or most unscrupulous employers of labor and debauchers of legislatures have done to discredit honest capitalists and fair-dealing business men."

Forest Fires.

Boston, April 24.—The rain of last night was a god-send to the hundreds who are fighting forest fires in New England. Reports received today say that, thanks to the downpour, the fires in most districts are under control. Scores of men fought fires in and near Plymouth all night, where for 48 hours an eight-mile area was swept by flames uncontrolled. Kaiser Opposes Exposition.

Berlin, April 24.—Opposition of Kaiser William is expected to cause the abandonment of the proposal to hold an international exposition in Berlin in 1913. Most significant, however, is the reason on which the German war lord bases his objection. The Emperor believes the possibility of Germany being drawn into a European war before the time set for the exposition is too great for the nation to take the risk involved in arranging an international exposition. Information coming to the correspondent of the Publishers Press is that both the Kaiser and the government have discouraged the exposition scheme. The international situation, the Kaiser thinks, is too critical for the promotion of expositions of peace. The statement that Kaiser William opposes the proposed exposition on such grounds has caused a great sensation. It is argued that the government fears the peace of the world is in constant jeopardy and great uneasiness has been caused among the people who feel they do not know all the complications of the international situation.

The Charges Against Dennett.

New York, April 24.—Oliver M. Dennett, the broker arrested yesterday in connection with the peculations of bonds from the Trust Company of America by W. C. Douglass, an employee of the company, was taken to the West Side police court today for a hearing. Douglass' case was set for consideration late this afternoon. The charges against Dennett show that Douglass' thefts of securities were greater than at first admitted by the trust company. The warrant charged Dennett with the larceny of sixty-one $1,000 bonds of the Rock Island and Pacific Railroad between the dates of April 19, 1906, and April 19, 1907. When arraigned Dennett waived examination and his bail was fixed at $10,000. That sensational developments are yet to be expected is indicated by remarks of both Douglass and Dennett. Since his wife has come to his support with promises of aid Douglass has grown bolder.

Track Removal Stopped.

Cleveland, Ohio, April 24.—After a strenuous morning of mixed court proceedings, injunctions and special meetings of the City Council, the Central and Quincy lines were at 1 p. m. still without cars. An attempt by the Cleveland Electric (the old company) to tear up its tracks on these lines was stopped by the police. One injunction was asked and another granted, affecting other parts of the system but the common pleas judges decided not to pass on the Central-Quincy position until afternoon. The present situation is the crisis in the efforts of Mayor Tom L. Johnson to make a three cent fare a legal rate in Cleveland. The railroad company declared that it would lose money in carrying out Mayor Johnson's ideas, and therefore proposed to remove the tracks.

Before he slept, the letter of President Roosevelt regarding the Haywood-Moyer matter was read to him. Mitchell made no comment.

Dr. McCleary who made a diagnois of the condition of Mitchell, this afternoon announced that an operation will be necessary to save his life. Mitchell is suffering from strangulated hernia.

Fight in a Church.

Ashland, Ky., April 24.—At Sutton a free-for all fight broke up a revival service last night. The affair was caused by Jim Patrick, who held the hand of Albert Haney's sweetheart in plain view of Haney. The latter struck Patrick and their friends took sides starting a battle that nearly cleaned out the church causing the pastor, Rev. Jason Daniels, and his flock to take to their heels.

Jim Patrick's skull was crushed. He will die. Some one struck the girl, who was the cause of the trouble, with a pair of brass knuckles, rendering her unconscious. The other combatants were injured. The principals are under arrest.

Mysterious Death.

Kingston, N. Y., April 24.—Coroner Cook, District Attorney Stevens, and officials from the sheriff's office, are investigating a mysterious tragedy near West Hurley today. Mr. Everett went out to the wagon and found the woman dead. There was a wound in her head, apparently the cause of death. Gutler speaks very little English and as there was nobody present who understood German, no details could be learned. Gutler took the body back home.

Train Avoided Flying Barn.

Lexington, Ky., April 24.—When a freight train on the Chesapeake & Ohio Railroad was passing Tebbs, 14 miles from this city, yesterday, the crew was surprised to see a barn leap from its foundations and start through the field headed for the train. The barn was blown from its foundations against the train by a small tornado. No one was injured.

A SPRING MEDICINE.

With the advent of Spring many people feel the need of a tonic of some sort, and there are not a few favorite spring tonic formulas treasured almost as heirlooms in old families. Some of these have real merit and should be made public for the public good, but their holders are in most cases loath to give them wide publicity. A thoroughly scientific prescription that is found to do the work required of a Spring medicine and to do it quickly and agreeably is composed of ½ oz. Fluid Extract of Buchu, 1 oz. Bulso Mixture, ½ oz. Fluid Extract Gentian Compound and 15 oz. water. The proper dose is a tablespoonful taken three times a day, before meals. Any good pharmacy will put up this prescription at small expense.

An Echo of the Thaw Trial.

New York, April 24.—Twenty-three policemen who were on guard at the criminal courts building during the Harry Thaw trial reported at District Attorney Jerome's office today, to see if Juror Charles D. Newton, who on Saturday told Assistant District Attorney Smyth that one of the officers had whispered to him "Harry Thaw's father was a Mystic Shriner," could identify the man who made the appeal to him. It had been the original intention to have the policemen looked over by the jurors on Monday, but it was postponed until today. When the policemen reported they were told to remain within call until Newton and other jurors arrived. It is Jerome's intention if he can locate the guilty policeman to take steps to have him punished as an example to future court house guards, although the District Attorney does not believe the officer had any intention of tampering with the jury.

Priest Denounces Bryan.

Lowell, Mass., April 24.—A sensation has been caused in Catholic circles by the actions of the Rev. Father Roberts in denouncing William J. Bryan as a "blatherskite," and urging Catholics not to listen to his speeches. Father Roberts, who is conducting a mission at St. Peter's Church, in the course of a sermon last night requested that his hearers attend services there rather than "waste time at the Opera House, listening to a blatherskite on the average man. "Come to the service here," said the preacher, "and I will deliver an address on the average man that will do you some good and will tell you how to save your souls, as well." Bryan's lecture was one of the course he has been delivering throughout New England. In spite of the priest's recommendation Bryan's talk was heard by a large audience.

Five members of the Board of Aldermen were present last night when Vice President Curtin called that body to order.

Mr. Hill seconded the nomination.

Later he appeared and the Vice President administered the required oath and Mr. Summers took his seat as a member of the board.

Mr. Sweeney presented an ordinance for the grading and paving of Washington street from Queen to Wythe street, and it was passed by a unanimous vote.

Ordinances for paving King street from Peyton to the corporation line and Princess street from Lee to Union were received from the Common Council and laid over under the rules.

Mr. Sweeney called up a resolution appropriating $500 for the purchase of 5,000 copies of "Wedderburn's History of Alexandria."

Mr. Hill favored adopting the resolution and urged that the publication would prove to be an advertisement for the city.

The resolution was adopted by the following vote; Ayes, Messrs. Hill, Brill, Marbury, Curtin and Summers—5. No, Mr. Sweeney.

An election of messenger to succeed the late Geo. W. Schafer resulted in the lection of Mr. Laphen, who received the unanimous vote of the board. Mr. Edward Meade was a candidate for the position.

The Aldermen after concurring in the action of the Common Council on a number of papers that had been sent in adjourned.

COMMON COUNCIL.

Council was called to order at 8:15 o'clock.

After several ordinances had been read and passed (see official proceedings) the ordinance to release to the Ideal Hospital Bed Company, of which Dr. Adolph Luria is president, a tract of land near the old canal basin, with the privilege of purchasing it providing the company expends upon the plant not less than $25,000 and employs 50 men, was reported favorably from the committee on streets.

Mr. Marshall stated that the provisions of the ordinance were satisfactory to Mr. Hopkins and Dr. Luria, and that a 47-foot space would be left open next to Mr. Hopkins' leased land.

Mr. Evans said this would be setting a precedent in closing streets. If it was right to grant the use of one street to one man it was right to grant it to another.

The chair was of the opinion that the city had no authority to grant the right to anyone to close a street.

Mr. Leadbeater said that the City Council of Norfolk had granted the right to a citizen of that place to erect a bay window which projected over the building line. Neighbors had objected and the case had been taken to the Court of Appeals, which court had decided against the owner of the property.

Mr. Marshall said the opinion that the city could grant the privilege contained in the ordinance.

Mr. Spinks was in favor of disposing of property in this neighborhood to manufacturing companies, but the city had had trouble in regard to the property at the foot of King street.

The chair said that the granting of these privileges would add greatly to the value of the franchise.

Mr. Burke said the ordinance only granted such rights to the company as the city possessed.

Mr. Uhler said the city could not close any street, as the streets belonged to the Commonwealth of Virginia and not to the city. It seemed that the grant was large enough without the use of the streets, as it contained about nine acres of land.

Mr. Burke said he understood that the company wanted to erect three rows of houses facing on First street, fifty houses in a row. The city was only giving what interest it had.

Mr. Uhler reiterated his statement that the city had no right to close the street.

Mr. Marshall said that Dr. Luria had stated that he intended erecting a small plant on one side, and a nickeling and drying plant on the other. If buildings were placed too near Mr. Hopkins' plant he would have to move, as the heat would be too excessive. Mr. Luria had said that if the privileges in the ordinance were not granted him he did not want any land. Restriction might drive away manufactories.

The chair then read a section from the city charter which gave the city the right to close streets, but said he was convinced that this section conflicted with the State laws.

Mr. Marshall said there had never been any streets at that point.

Mr. Birrell said the closing of the streets might result in injury to persons who might want to build houses north of this property. He believed the streets to be public highways, but was in favor of closing them if the company would assume all responsibility. He did not think that any buildings should be erected on the streets, as they might have to be torn down, causing considerable loss.

The chair—"Why is that not embodied in the ordinance?"

Mr. Spinks said this was a large tract of land, with a fine water front. He was in favor of the plant, but the city's rights should be protected.

Mr. Monroe was in favor of recommitting the matter to a committee with instructions to amend the ordinance as to the right to use the streets.

Mr. Spinks—"Can't we pass the ordiance, properly amended, tonight, without any further delay?"

The ordinance was finally amended by striking out the part relative to the closing of the streets and passed by a unanimous vote.

A communication was received from the Woman's Auxiliary to R. E. Lee Camp asking for an arc light at the intersection of Prince and Washington streets, so as to properly display at night the statue of "Appomattox," as the gas lamps are inadequate. The matter was referred to the committee on light.

The annual tax ordinance, substantially the same as that of last year which was passed by the Aldermen at a previous meeting was passed.

Mr. Leadbeater called from the table the communication from the Mayor, received at the last regular meeting wherein he recommended that the duties of captain of the chain gang and sanitary officer be consolidated. The matter was referred to the committee on general laws and streets.

Mr. Marshall introduced a resolution to close First street which was referred.

An ordinance appropriating $80 for a new sidewalk adjoining the Relief Hook and Ladder house was favorably reported by the public property committee and passed.

The ordinance appropriating $500 to connect Peabody school building and out-buildings with the sewer, introduced by Mr. Hellmuth, was referred to the committees on streets and schools.

A resolution inquiring as to the cost of placing signs, containing the names of the streets, at the intersections of the streets, was referred to the committee on streets.

A communication from the City Engineer announcing the appointment of John Mason as captain of the chain gang was received from the Board of Aldermen and their action confirmed.

An ordinance to grade, curb and pave Washington street from Queen to Wythe street, was received from the Board of Aldermen, where it had passed, but under the law it was laid over until the next meeting.

The ordinance which provides for laying six feet of vitrified brick on each side of Washington street, from Queen to Wythe street, with a broken stone roadway between the brick portions, was reported favorably and laid over, as it carried an appropriation of $14,000 and could not be passed on the night of introduction.

The Council adopted the favorable report of the street committee on an ordinance providing for the grading and paving of King street from Peyton street to the corporation line, thereby insuring the extension of the improved roadway to every section of the principal throughfare of the city. According to the ordinance, vitrified brick will be used on a six-inch concrete base, conforming with the design on other parts of the street. The Washington, Alexandria and Mount Vernon Railway Company will bear the cost of paving between the tracks and two feet on each side of them, property owners along the line of the improvement will pay one third of the remaining expense, while the corporation will pay for the balance of the work.

The report of the street committee recommending an ordinance requiring the electric line to replace its present rails on King street, between Peyton street and the corporation line, by new and improved grooved rails, such as are used on other parts of King street, was also adopted, the vote being unanimous in both case.

An ordinance providing for the paving of Princess street, from Lee street to Union street, with granite blocks, and appropriating $1,950 for the work, was reported favorably and passed, the work to be commenced as soon as the owners of adjoining property have paid into the city treasurer's office $975 as their share of the expense.

Council then adjourned.

Teste DANIEL R. STANSBURY, Clerk C. C.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Miss Early's Recitations.

A large and appreciative audience assembled last night at Christ Church Parish Hall to hear Miss Miriam Lee Early, of Philadelphia. Miss Early, after having been introduced in a few appropriate remarks by Mr. J. L. Marye proceeded to entertain her listeners with one of the most delightful and charming series of recitations ever heard in Alexandria. Miss Early is a perfect elocutionist and the delivery of her programme abounded in humor and pathos. The applause which greeted her at the end of each one of her pieces, was both spontaneous and hearty. Miss Early was entertained at dinner and given a reception by Mrs. Kate Waller Barrett, when her affable and engaging personality soon made her friends among all whom she met. The proceeds from the sale of tickets will go to the benefit of the Children's Home on Duke street, an institution which every man and woman married or single, who claims to have a heart in his or her breast must feel an interest in and a desire to see prosper.

The Hospital.

Mrs. M. Adamson, the efficient matron of the Alexandria Hospital, will leave tomorrow for New York whence she will sail on May 4th for Scotland, to take a much needed rest for a few months. Miss Crittenden, the chief nurse at the hospital will leave on May 1st to spend her vacation in lower Virginia. During the absence of Mrs. Adamson and Miss Crittenden, the hospital will be in charge of Miss Emma Millard who was the first graduate nurse of the Alexandria Hospital and who has won an enviable reputation in Washington where she has been nursing for some time. The housekeeping at the hospital will be in charge of Miss Harris who has had fourteen years experience in such work in Philadelphia and who is in every way qualified for the position. The many friends of Mrs. Adamson and Miss Crittenden wish them a happy vacation and that they may return much improved by their rest.

Death of a Colored Resident.

Joseph Williams, a well-known colored resident of this city, died at the alms house last night. The deceased was a son of Joseph Williams, who in by-gone years was sexton of the Second Presbyterian Church in this city. The subject of this notice was of a docile nature though he had but little realization of the responsibilities of his life, and several times in his life he had had attention attracted to him by unfortunate incidents. He was a young man at the outbreak of the civil war and drifted to Richmond where he was taken in custody and finally sold. He returned to this city after the close of hostilities, where he had since remained. On a dark night a few years ago a party of practical jokers "mosacked" Joe and made him believe he had fallen into the hands of "night doctors," after which he was careful in his nocturnal ramblings.

Funerals.

The funeral of Capt. Charles F. Entwisle, who died Monday night, took place from the residence, 437 north Columbus street, this afternoon, and was attended by relatives, friends and acquaintances of the deceased. The services were conducted by Rev. P. P. Phillips, of St. Paul's Church, and the pallbearers were Mr. W. E. Van Dusen, of Washington, and Messrs John Crilly, John B. Padgett, Thos. W. Robinson, Walter Roberts and B. Weil.

The remains of Mrs. William Gibson, who died in Washington Monday, were brought to this city this afternoon for interment. The funeral services were conducted at the home on I street, N. W., by the Rev. Mr. Morrison, while the commitment service at the grave was conducted by Rev. Joseph R. Sevier, of this city.

Verdict for Plaintiff.

A verdict awarding the plaintiff $175 damages was returned by a jury in the Alexandria County Circuit Court yesterday evening in the case of Howard A. Smoot against the Washington, Arlington and Falls Church Railway Company, which had been before the court for two days. The plaintiff brought suit for the sum of $20,000, alleging that, while a passenger on a car of the defendant company, he had been assaulted by a motorman of the road. He was represented by Attorneys Machen and Moncure, while Attorney R. Walton Moore appeared for the company. Court then adjourned till Saturday morning the 27th.

New Alderman.

The Board of Aldermen last night by a unanimous vote selected Mr. C. J. W. Summers to succeed the late John T. Sweeney as Alderman from the Fourth ward. Later Mr. Summers appeared in the chamber and subscribed to the required oath. Mr. Summers has for a number of years been the Fire Warden from the Fourth ward, a position he has faithfully and satisfactorily filled, and as an Alderman his work for the city will doubtless prove equally as earnest and acceptable.

Rain, Thunder and Lightning.

The rainy weather and easterly wind of yesterday culminated in heavy showers late in the evening and early last night. Considerable thunder and lightning accompanied the rains. Later the wind changed to the northwest from which quarter it blew heavily, and clearing conditions followed. Today has been fair and cool with the wind still fresh from the northwest.

The Fishery.

The gillers of this city who are making "drifts" south of Jones's point are catching more shad than usual, one giller taking thirteen last night. Receipts at Fishtown are still light and prices remain practically unchanged.

Two young men living in the southeastern section of the city were taken in custody this morning charged with disposing of metal belonging to the Southern Railway Company.

Personal.

Mr. Ernest Simpson, of Oklahoma, a brother of the late former Mayor George L. Simpson, arrived in this city yesterday afternoon, having come for the purpose of attending his brother's funeral in the morning. He was delayed several hours, and was unable to reach Alexandria in time for the services.

Miss Charlotte England, of Baltimore is visiting Miss Grace Anderson at her home, on Prince street.

The friends of Miss Elizabeth Robins, of Richmond, will be interested to know that she has taken a cottage at Willoughby Beach for the summer, instead of Massanetta Springs. The cottage is known as "The Wigwam."

Rev. C. W. Maxwell, superintendent of the Presbyterian Orphan's Home at Lynchburg, Va., spent Monday night in this city at the Presbyterian manse. The home which Mr. Maxwell represents is under the control of the Synod of Virginia and was established three years ago. In that time over fifty thousand dollars have been contributed for the purchase of land, the erection of buildings, etc. At present the home is in a flourishing condition. Mr. Maxwell has promised to return to the city and speak in the Presbyterian Church at some future date.

The friends of Mr. H. K. Field in the Third ward will urge his election as Aldermen from that ward to succeed the late George L. Simpson.

Mr. J. R. Caton will leave this evening for Norfolk to attend the opening exercises of the Jamestown Exposition.

Mr. Frank Mander and Miss Lillian R. Bell, daughter of Officer Charles W. Bell, will be married at 6 o'clock this evening at the parsonage of the Second Presbyterian Church by Rev. J. R. Sevier.

Rev. Father H. J. Cutler who has been quite sick for some time has gone to Mt. St Agnes, where it is hoped a rest may prove beneficial to his health.

State Senator L. H. Machen will leave tomorrow to attend the Jamestown Exposition opening services.

It is understood that ex-Mayor E. E. Downham will be a candidate for Mayor next year.

Beautiful Family Marriage.

Miss Cora S. Latham, daughter of Mr. and Mrs. W. E. Latham, was married this morning at the home of the bride to Mr. J. E. W. Timberman, a popular young business man of this city. The parlor was handsomely decorated with palms and evergreens. Rev. J. R. Sevier, pastor of the Second Presbyterian Church, performed the ceremony. The bride was attired in a traveling costume of blue broadcloth and carried bride roses. The marriage was witnessed by the families of the contracting parties. After the ceremony refreshments were served in the dining room. The couple left on their trip to Atlantic City shortly after the ceremony. On their return they will reside at 209 south Fairfax street. Mr. and Mrs. Timberman were the recipients of many beautiful and useful presents.

Police Court.

[Justice L. H. Thompson presiding.]

The following cases were disposed of this morning:

Berney Gilmore and William Cleveland, arrested by Officers Arrington and Talbot as suspicious characters, were ordered to leave the city.

Alcinda Boswell and Lizzie Robinson, both colored, charged with disorderly conduct and fighting, were fined $5 each.

Washington Lockie, arrested by Officer Nicholson for being drunk in the street, had his case postponed until the effects of his debauch wore off.

Wm. Poindexter, colored, charged with assaulting Alexander Vogel, colored, was fined $10.

City Ashes.

The communication in yesterday's Gazette in reference to the accumulation of ashes and the alleged want of alertness on the part of the city employees to remove the same, has brought forth the suggestion that some householders have become interested in an item which has been going the rounds of the newspapers recently to the effect that by a newly-discovered process considerable more heat can be obtained from a barrel of ashes than from an equal amount of coal. They, therefore, are holding on to the ashes with the hope that the modus operandi will become public property before next fall.

River Notes.

The schooner Lourena Bramble, Capt. James Elliott, is unloading salt for Charles King & Son.

The steamer Dennis Simmons, from Williamston, N. C., with lumber for H. K. Field & Co., arrived yesterday.

The barge Number Eight, from Boothbay, Me., with 1,500 tons of ice for the Mutual Ice Company, has arrived.

The barge Kathryn McIlwaine, loaded with railroad ties for Philadelphia, is lying in the stream.

A Denial.

A telegram sent from Richmond Monday night, and which was copied in the Gazette, stating that John F. Dugan, of this city, had deserted his family, is denied by him. He was in the city yesterday, and states that at no time has he been unmindful of his family and that he has not deserted them, nor has he any intention of doing so. He is now employed by the Atlantic Coast Line Railway at Rocky Mount, N. C.

Another Chicken Story.

A physician of this city supposed he had a chicken story which would eclipse all recently told. He owned a hen which he imagined was laying seven eggs per diem until he discovered fowls belonging to neighbors had been in the habit of flying over the fence and depositing eggs alongside the one laid each day by his hen.

Speaking in the County.

Judge Charles E. Nicol and Messrs. John F. Ryan, R. Lindsey Gordon and C. C. Carlin, candidates for Congress from this district, are expected to speak to the democratic voters of Alexandria county tonight. The meeting will be presided over by Mr. Curtis Graham, county chairman. The addresses will be delivered at the court house.

It is said that a "Pig Foot Party" will be given in Washington tonight to raise funds to aid in sending a delegation to Richmond to urge the Governor to interfere in the case of John Wright, colored, who is sentenced to be hanged in Alexandria county on May 31, on the charge of rape. Mr. J. E. Clements, counsel for Wright, is still at work in his endeavor to get the Governor to interfere in Wright's behalf.

He was brought to this city last night and carried to his home, on south Royal street, where he was attended by Dr. O'Brien.

Improvements Commenced.

JUDGE LOVING RELEASED.

Judge Loving, who on Monday killed Theodore Estes at the Oak Ridge depot, Nelson county, was released on $5,000 bail yesterday by Capt. John W. Payne, bail commissioner of Amherst county. The hearing was held at the McGinnis Hotel, at Oak Ridge, and two negro witnesses, who saw the shooting, testified.

Judge Loving left the hotel with friends several minutes later and drove home. He said before leaving: "I have nothing more to add to my former statement until the time of the trial." Commissioner Payne made the following statement after the hearing: Judge Loving learned that Estes had taken his daughter, Elizabeth Loving, out riding on Sunday night and he brought the girl back home drugged, unconscious and dishonored. Judge Loving waited until he got the full story from the girl's lips about the drugging and assault, then took his gun and went in search of Estes."

Judge Loving said: "When I heard the awful story from the lips of my dear one I was insane. I waited to learn all the facts, and then nothing in God's or man's power could have stopped me from taking his life. I did it after careful thinking."

Judge Loving stated before the bail commissioner that his daughter told him that after she and Estes had driven about one mile Estes took a bottle from his pocket and insisted upon her taking a drink. She took a small swallow and from that time until she found herself in bed at Mrs. Kidd's, in Lovingston, she knew nothing of what happened.

Miss Loving is reported to be in a very nervous condition as the result of the affair, being confined to her bed.

Mrs. Estes, mother of the victim, is quoted as saying yesterday: "I hope Judge Loving is freed if he does not slander my son. If he does we will fight to the bitter end."

The people at Lovingston, the home of the Estes, and at Oak Ridge, the home of the Lovings, are quiet, and no further trouble is anticipated.

Judge Loving's case will come up before the grand jury in Nelson county in May.

WEDNESDAY EVENING, APRIL 24, 1907.

Bristol Goes "Dry"

The most exciting contest in the history of Bristol, Va., terminated last night. Bristol voted to abolish saloons, the vote being 539 to 332. This means that 12 saloons will be closed May 1, to be followed by the closing of 12 saloons in Bristol, Tenn., November 1.

The campaign reached its climax yesterday morning, when 4,000 men, women and children paraded the principal streets, led by the Bristol Military Band. All the Sunday schools, church societies and temperance organizations were represented, while 300 college girls were in the parade. Hundreds of banners were carried by the enthusiastic throng, and it was two hours before the parade was disbanded. While the parade was forming songs were sung and prayers were offered.

The breweries declined to contribute to the campaign fund, considering it a hopeless proposition, on account of the big "dry" majority recently recorded in Bristol, Tenn.

When the result was announced last night whistles were sounded throughout the city and hundreds of people paraded the streets cheering enthusiastically.

East Radford voted in a local-option contest and the drys carried the town by a majority of 157. The town has about 8,000 population.

Argo Red Red Salmon it sold in one-pound tall cans, because only the tall cans are filled by machinery. Flat and one-half pound cans are filled by hand. Hand work in factories is crude and antiquated. 15 cents a can.

A Criminal Attack

on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis and establish regular habits of the bowels. 25c at E. S. Leadbeater & Sons' drug store.

Gruesome Discovery.

Yesterday afternoon a gruesome discovery was made in the servants' room in the home of Rev. W. H. Atwell, the presiding elder of the Danville district of the Methodist Church, when the dead bodies of three negroes—two men and a women—and the unconscious form of a negro woman were all found stretched out on a mattress on the floor and on the bed.

The dead are: John Dandridge, a bellboy at the Burton Hotel; Will Spraggins, a bellboy at the Burton Hotel; Ada Moore, a nursegirl.

Lillie McCain, cook for Dr. Atwell, in whose room, which is not connected by doors to the main residence, the discovery was made, is at the general hospital in a dying condition.

Scattered about the rooms were empty cans, beer and whisky bottles, indicating that the negroes had been on a drunken frolic Monday night. There were no signs of a struggle, and all of the parties were undressed, having died sometime Monday night, it is thought, while asleep as the result of some kind of poisoning.

The door to the room was locked, and was battered down by several police officers after Dr. Atwell had discovered the bodies through a window.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklin's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbeater & Sons, Druggists. 25c.
